Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 29 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain and snow in south, clear and frosty in north.

This Evening and Tonight:
Occasional rain, sleet and some hill snow over southern Scotland and northern England will die out, with clear periods and a few wintry showers following to the northeast, where turning icy. Rain, some heavy, moving north across southern areas.

Saturday:
Rain turning to snow across parts of Wales, central and southern England, with further heavy rain in the far south-west. Cold and mainly dry with sunny spells in the north.

Outlook for Sunday to Tuesday:
Very cold start Sunday. Rain and snow then transfers east across southern areas through the day. Cold Monday, snow showers in north. Further rain, snow spreads north into Tuesday.
